What was the name of that restaurant your friend has been telling you to try? And did you try the new sushi place a couple weeks ago or the one across town?

You've got enough on your plate already. Let us keep track of your restaurant list so you can just worry about what you're going to order.

Make a To-Dine List and filter it by cuisine when you need help deciding where to go. Once you've visited a restaurant, give it a rating so you know to go back.
